# ***UNCOMPROMISED QUALITY FOR OVER 130 YEARS.***

## **Endurance Synthetic Blend**

Optimal protection plus enhanced fuel economy, even in severe service operations. Provides excellent fuel economy, pre-ignition protection, and combats varnish, sludge, and deposit formation.

## **Endurance Full Synthetic Dexos**

Dexos-certified. High quality synthetic base oils fortified with a premium additive package that reduce timing wear, improve pre-ignition protection, and enhance fuel economy

## **Endurance High Mileage**

Exceptional protection for well-worn engines with more than 75,000 miles. Contains seal conditioners that reduce leaks. Offers superior dispersant properties that combat sludge and varnish.

## **Multipower-3 Elite 15W-40 and 10W-30 CK-4**

Million mile-tested heavy duty motor oil ideal for on-highway fleets, diesel pickups, and more. Provides exceptional soot dispersion, piston cleanliness, and wear control. Improves oxidation and aeration control.

## **MAR Full Syn 5W-40 (CK-4)**

Full synthetic motor oil that improves fuel economy by 1.5% versus conventional 15W-40 oils. Delivers enhanced oxidation and aeration control. Boasts an ashless dispersant formula that easily suspends harmful soot.

## **Multipurpose DM ATF**

Advanced formulation ATF ideal for passenger cars & light truck transmissions. Optimizes oxidation and offers smooth shifting and long service life formula. Formulated for DEXRON®-III and MERCON® fluids. Recommended for most domestic and imported automatic transmissions.

## **Syn Multi-Vehicle ATF FE (Low Visc)**

Full synthetic automatic transmission fluid formulated for the latest generation of protection. Offers impressive low temperature performance and enhanced fuel economy. Meets or exceeds DEXRON®-VI requirements.

## **Omni-Syn ATF**

Full synthetic formulation that boasts impressive oxidation and thermal stability. Ensures dependable low temperature performance and anti-shudder additive package that also helps reduce oil consumption. Suitable for use in Allison TES 295® transmissions
