

LUBRICANTS AND SERVICES GUIDE

for Natural Gas Gathering and Processing

OVER 130 YEARS IN LUBRICANTS.
And we're just getting started.

OVER 130 YEARS IN LUBRICANTS.

And we're just getting started.

Marathon is everything you want in your lubricants partner, with unexpectedly great prices.

- **Premium Performance Quality** – We subject all our oils to the harshest million-mile tests. The results? We meet or outperform the higher priced competition. Our Radial Polymer Technology resists engine shear and maintains viscosity so it reaches all critical engine parts fast, even at low temperatures. Powerful detergents keep engines clean in longer intervals between oil drains.
- **Responsive Customer Service** – Have questions? You deserve fast answers from knowledgeable experts on a mission to support your business.
- **Competitive Pricing** – We believe reliable, superior quality products shouldn't mean inflated prices. If you want a brand that delivers dependable performance at surprisingly competitive prices, we are your brand of choice.
- **Wide Product Slate:** Your customers have diverse needs, and our vast product catalog features the right products to get the job done. From ATF to greases, we proudly offer the highest quality products to our customers.

Products endorsed by the API and ILSAC.

**EXPECT TOP QUALITY FROM MARATHON,
THE LARGEST REFINER IN THE UNITED STATES.**

Unlock the power of protection with Marathon Lubricants. With Marathon's expansive range of specialized lubricants and expert services, you can boost your performance, extend machine life, and keep operations running stronger, longer, and with fewer breakdowns. Marathon delivers peace of mind and protection for the natural gas gathering and processing industry, built on decades of experience.

NATURAL GAS GATHERING & PROCESSING | ENGINE OILS

Marathon Multipower-3[®] Low Ash 40

Marathon Multipower-3[®] Low Ash 40 is a specially formulated, mainline, low ash natural gas engine oil. It delivers exceptional control of deposits, wear, oil oxidation, and oil nitration. *Multipower-3[®]* is ideal for high load and high temperature conditions in all four-stroke stationary natural gas-fueled engines requiring low ash oils. It boasts exceptionally low levels of zinc and phosphorus and delivers proven performance in severe service conditions.

KEY FEATURES

 <p>Combats Oxidation and Nitration</p> <p>Optimize engine performance by reducing oxidation and nitration. Marathon's advanced additive package means longer oil life and extended drain intervals versus traditional heavy duty engine oils.</p>	 <p>Enhanced Additive & Detergent Package</p> <p>Reduces ash and carbon deposits, combustion chamber ash, and protects valvetrain parts.</p>	 <p>Exceptional Anti-Wear Performance</p> <p>Lower your maintenance costs with an advanced formulation that minimizes wear and scoring of pistons and engine components.</p>

	Marathon Multipower-3 [®] Low Ash 40	Marathon Multipower-3 [®] Plus Low Ash 40	Marathon Multipower-3 [®] SuperLow Ash 40
Flash Point, °C (°F)	254° (460°)	265° (510°)	270° (518°)
Pour Point, °C (°F)	-12° (10°)	-29° (-20°)	-30° (-22°)
TBN, mg KOH/g	5.1	5.9	6.3
Nitrogen, wt% (ppm)	1,100	1,500	1,800

NATURAL GAS GATHERING & PROCESSING | COMPRESSOR & CIRCULATING OILS

Marathon Revolution[®] ISO VG: 22, 32, 46, 68, 100, 150, 220, 320, 460

Marathon Revolution[®] Full Syn ISO VG: 32, 46, 68, 100, 150

Marathon Revolution[®] is specially formulated for turbines, compressors, and a range of circulating and industrial applications. Extremely hydro-processed base oils plus an advanced additive suite ensure dependable performance during extended high temperature operations. Additional benefits include exceptional lubrication, rust protection, oxidation inhibition, exceptional foam suppression, and thermal stability.

KEY FEATURES

 <p>Excellent Demulsibility</p> <p>Reliable lubricant film strength and reduced wear via quick water separation. Prevents formation of stable emulsions that can cause equipment breakdown.</p>	 <p>Dependable Long Lubricant Life</p> <p>Achieve cost-savings through enhanced thermal and oxidation stability. Combats deposits and acidic material formation.</p>	 <p>Exceptional Rust, Corrosion, and Oxidation Protection</p> <p>Extended equipment life and additive package that inhibits rust and corrosion.</p>

NATURAL GAS GATHERING & PROCESSING | GEAR OILS

Marathon Pro EP Gear Oil[®] ISO VG: 46, 68, 100, 150, 220, 320, 460, 680

Marathon Pro EP Gear Oil[®] Full Syn ISO VG: 46, 68, 100, 150, 220, 320, 460, 680, 1500

Marathon Pro EP Gear Oil[®] provides enduring extreme pressure protection under the harshest settings. For high temperature, heavy shock, and heavy-duty applications, Marathon delivers long-service life reliability, thanks to premium quality base oils and carefully selected additives. Achieve product consolidation without compromising performance. *Marathon Pro EP Gear Oils[®]* have broad application versatility, used to protect bearings and gear systems from harmful rust and corrosion.

KEY FEATURES

 <p>Extreme load carrying capabilities</p> <p>Impressive extreme pressure & anti-wear properties reduce costs, extend machine life, & offer premium protection.</p>	 <p>Excellent Demulsibility</p> <p>Reliable lubricant film strength and reduced wear via quick water separation. Prevents formation of stable emulsions that can cause equipment breakdown.</p>	 <p>Impressive oxidation resistance plus thermal stability</p> <p>Strong resistance to degradation and sludge formation. Dependable stability in heavy load and extreme heat.</p>
