

# ENDURANCE™ MOTOR OILS

OVER 130 YEARS IN MOTOR OILS. And we're just getting started.

## Marathon Endurance® Full Synthetic

High quality synthetic base oils fortified with a premium additive package.

- Reduces timing wear risk in modern TGDI engines
- Improves pre-ignition protection (exceeds current API SN Plus)
- Protects emissions control system catalysts
- Enhances fuel economy
- Promotes piston cleanliness

Available in:

0W-20 Dexos®  
5W-30 Dexos®  
5W-20

## A BIG NAME. A LONG HISTORY.

Marathon Petroleum is America's largest refiner with over 130 years of experience formulating products that take you further.

### Premium Performance Quality

In the harshest million mile lab tests, Marathon Lubricants meet or outperform the higher priced competition.

### Competitive Pricing

Reliable, superior quality products without inflated prices.

### Customer-Driven

Marathon knows success begins and ends with unbeatable customer service. From single oil change shops to national trucking fleets, customers count on Marathon for quality products and service that puts them at the center.

## Marathon Endurance® Synthetic Blend

Optimal protection plus enhanced fuel economy, even in severe service operations.

- Excellent fuel economy
- Improves pre-ignition protection (exceeds current API SN Plus)
- Optimizes low-temperature pumpability (cold start protection)
- Combats varnish, sludge, and minimizes deposit formation

Available in:

5W-20  
5W-30  
10W-30  
10W-40  
20W-50

## Marathon Endurance® High Mileage

Exceptional protection for well-worn engines with more than 75,000 miles.

- Protects emissions control system catalysts
- Superior dispersant properties combat sludge build-up
- Seal conditioners reduce leaks
- Excellent fuel economy
- Optimizes low-temperature pumpability (cold start protection)

Available in:

5W-30  
10W-30

# MARATHON HEAVY DUTY MOTOR OILS

## Marathon Multipower-3 ELITE® 15W-40 CK-4

*Million mile-tested heavy duty motor oil ideal for on-highway fleets, diesel pickups, construction, agriculture, and more.*

- Exceptional soot dispersion, piston cleanliness, & wear control
- Enhanced shear stability & protection from viscosity loss
- Meets older & newer engines with full back API CJ-4 serviceability
- Improved oxidation protection & aeration control
- Excellent bore polish and cylinder wear results

# MARATHON TRANSMISSION FLUIDS

## Marathon Synthetic Multi-Vehicle ATF FE (Low Viscosity)

*Full synthetic automatic transmission fluid formulated for the latest generation of protection.*

- Impressive low temperature performance
- Enhanced torque transfer for improved fuel economy
- Excellent oxidation & thermal stability

## Multi-Purpose DM ATF Max

*Advanced formulation ATF ideal for passenger cars & light truck transmissions.*

- Optimal oxidation control & low temperature operability
- Recommended for use in most domestic & imported automatic transmissions
- Smooth shifting & long service life formula
- Formulated for transmissions using DEXRON®-III & MERCON® fluids

OVER 130 YEARS IN MOTOR OILS. And we're just getting started.
